The Fellowship Toy

Members donate to Fellowship Toy

Our National Treasurer Peter Skilton presented a cheque for £400.00 to Peter Short the Treasurer of the National Scout and Guide Fellowship UK. The money raised will go towards the transport costs for the Fellowship Toy Project. Picture shows Peter Skilton, on left presenting the cheque to Peter Short on the right with Alan Beavis Chairman of the NSGF Committee. A big thank you to those Branches and Individuals who contributed to this project.

Allan gets delivery of toys on their way.

With the help of other Guild members, boxes of toys are loaded from storage in to a delivery van. All boxes are marked with the number of toys, the weight, and cubic capacity. The consignment being 38 boxes, 28.06 cu ft, 453 KGS and 1839 toys, books ect. This information helps with the amount of cargo being loaded to a plane, bound for Jordan. Allan and his team will now take the delivery to a central warehouse in Reading to join with other consignments for the final destination to Jordan.

See the Fellowship Toy display at the Guild AGM

There will be a full display about the Fellowship Toy project at the Guilds AGM being held and hosted by the members of our Dorking Branch. Come and meet the people who took part in the project.
